Fused Networks Converged Solutions Virtual Servers

All the benefits of running an in-house server but with the increased resilience of Data centre hosting. Reduced costs and IT management overhead. Improved resource use and flexibility. No need for hardware upgrades, replacements or re-configuration.

secure virtual servers from only £14.99/month

- 3 options – Lite, Standard and Premium. Easy and quick set-up. Fixed, low monthly costs. No set up fees. 12 month contracts.
- Secure – each virtual server is completely isolated from the next
- Resilient – each server has dual power supply, multi-home transit and dual NICs
